

Meet our High School Grads!

Scan each QR Code to see how you can be part of God's provision for our Alliance Third Culture Kids as they start this new chapter!

Johanna

I have been a missionary kid from Mongolia for all of my life but spent my high school years in Germany for school. I'm really excited to go to Calvin University in Grand Rapids Michigan this fall to study something in Humanities. I love most any food but some of my favorites are Tex Mex and pizza. I also love sour candies. In my free time I like to spend time outdoors, camping, hiking, biking kayaking and more. Birthday: July 4th

Julien

I've lived in the USA, Morocco, France, and Spain. I am going to study at Trinity Western University, a small Christian school in Canada. I plan to major in Kinesiology and later go to medical school to become a Sports Medicine Doctor. Because I will not be studying in the USA, I am not eligible to receive Pell Grants from FAFSA. Unfortunately, I will have to take out many college loans. I love football (soccer) and plan to also play football at my university. My dream is to become a professional footballer. Birthday: October 6th

Lydia

I've lived in Russia for most of my life, first Ekaterinburg and then in St.Petersburg. I am going to a local community college in the fall. I love reading, writing, taking long walks in nature and around beautiful architecture, hearing people's stories, talking (maybe a little too much) and sipping tea whilst enjoying a good cookie. My birthday is August 30 (and I'm so glad, because I love summer!).

Lena

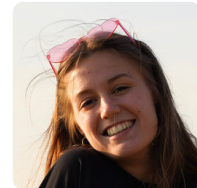

I am 18 years old and my family and I have served as missionaries in Paraguay for 10 years. I will be attending Iowa Western Community College this coming Fall and will be studying graphic design. My favorite foods are Tamales and Kimbab. I enjoy art and sketching as well as journaling. My Birthday is May 13. <3

Laura

I grew up in Burkina Faso, West Africa and I graduated from Dakar Academy in Senegal. I will be attending Toccoa Falls College this fall and I plan to pursue a career in nursing. I like to spend time with my friends and my family, watch Formula 1 racing, listen to music, and play card games. I like to do crochet and knitting projects, although it seems like I start more than I finish! I'm looking forward to being in the USA for college. I like all kinds of foods: American fast food, Korean treats, French cuisine, and African rice and sauce.

Maddie

I was born and raised in the Middle East. I am currently attending a community college this year to save a little bit of money and I hope to transfer to a bigger university next year to double major in Elementary Education and child psychology. I love working with kids and I want to do my best to be a light for Jesus. I love to bake and be active by running or going to the gym, and I enjoy long conversations with my friends over a cup of coffee. Birthday: February 6th.

Hannah

I was born in France, lived in Guinea for many years until my parents moved to Senegal when I was 10 years old. This fall I plan to study graphics arts and business at Regent University Online while living with a community of TCKs in Georgia. I enjoy playing the guitar, all kinds of art, surfing, climbing, outdoor adventures, and traveling. Birthday: January 5.

Thanks for loving our Alliance TCKs!

Care Package Fund

Fall break can be a tough time for our TCKs... the reality of college life settles in -- friends go home to visit their families, and often our TCKs are left behind on campus. If you would like to donate to our college fall break care package fund, you can do so here.
