Connect Your Kids with Alliance Missions in 2018!

Many C&MA churches like to give their children an opportunity to contribute to an *Alliance* missions project during VBS or other children's programs. Churches are encouraged to adopt one of the following projects to promote missions awareness in 2018:

1. Schooling for Children of Women Prisoners in the Philippines

An Alliance team in the Philippines has developed a ministry among women prisoners in Manila. Many of the women are mothers and wives who have made poor choices in their lives. The children of these women often end up living with relatives who cannot afford to send the children to school. Help give these children the education they will need to succeed in life.

2. A Library for Students at Alliance Academy in Jordan

Alliance Academy (AAJ) is private Christian school located on the outskirts of Amman, Jordan. Muslim parents send their children to AAJ because it offers an excellent education in a loving and safe environment. But Alliance Academy does not yet have a library for its 270 students. Funds are needed to provide AAJ students with a well-equipped resource and study center.

3. Help for Orphaned Children in Vietnam

In several villages in Vietnam, many wives have lost their husbands as a result of sickness, disease, or abandonment. Single mothers often have no other choice but to send their children away to find work or to attend an orphanage. Alliance workers have started several schools specifically to help orphaned children. Funds are needed to support these marginalized children.
